

Quand on partait de bon matin
Quand on partait sur les chemins
À bicyclette...

In the webdoc, Nabil is cycling around Paris.

To sum up

We use

- **en** when talking about a closed means of transport. We go inside.

Il va à Paris en train.

- **à** when talking about an open means of transport. We climb on top.

Je circule toujours à vélo.

In conversation, French people are tending more and more to use **en** instead of **à**.

In use

*À Paris, je circule toujours en
métro ou à vélo.*
